

Computer Access	Academic Areas				Expanded Core Curriculum and Teacher Tools	
Computer Access	Reading	Writing and Note-Taking	STEM	Pictorial Information	Mobility	Information Adaptations
Color scheme	Glasses	High contrast pen	Large-print measuring tools (rulers, protractors)	Enlarged format	Cane	Text editor for text enlargement
Large-print / Braille keyboard stickers	Color filter	Portable word processing device	Large-key calculator	CCTV	Monocular	Copier for format enlargement
Enlarged operating system features	Slantboard	Computer/tablet with audio support	Tactile measuring tools (rulers, protractors)	3D models or objects	Braille/talking compass	Math editors
Built-in magnification	Large print	Braillewriter	Abacus	Tactile graphics (German film, swell paper, commercial renderings)	Electronic travel assistant	Text and math conversion software
Fully featured magnification	Optical magnifier	Computer/tablet with Braille support	Models or 2D & 3D geometric shapes		GPS device or app	Embosser
Magnification with voice support	Electronic magnifier	Braille tablet with Braille input	Talking calculator app or device	Tactile-audio graphics (tactile image overlay + touch-sensitive board)	Smartwatch	Image Adaptation
Screen reader	CCTV	Electronic Braille note-taker	Talking color reader		Indoor navigation systems	Image enlarging and simplification
Screen reader with Braille device	CCTV with distance camera	Digital recording device	Talking scales			Flexible wax threads
Touch typing tutorials	Audio text	Computer/tablet-based recording software	Talking tape measure	Specialized apps to take photos		Puff paint
Large-key / high-contrast keyboard	Computer-based reading software	Voice recognition	Talking data collection software	Audio-described videos		Thermal fusers
	Electronic Braille note-taker		Self-voiced math platform			Graphical embosser
			Math expressions audio player			3D printer
			Tactile images
